WHAT WOULD HELP IMPROVE THE SITUATION FOR CYCLISTS?

cycle lanes

more cycle paths

cycle paths less pot holes

better roads

cycle lanes

Make sure there is pavement on both sides of the road.

To make sure that the traffic is slowed down as some cars go rather fast, maybe putting speed ramps through the village could help this situation.

for cars to drive slower around the village so that children will feel safe to know that they wont have to worry about getting run over

A New Skate Park

It needs to have more cycle routes

More cycle paths

Cycle routes

Less potholes.

less potholes in the road

to fill in the potholes more often,

to sort out the path

the main road to springhill is dangerous. A cycle lane is needed here

Maybe a special lane for all ages.

cycle path

a cycle path on the road

Fill in the holes on the roads around springhill and on the way to grendon.

Cycle path on the road, fewer potholes.

IF NO WHEN SHOULD IT BE AVAILABLE?

more services should run to and from springhill to aylesbury
 should come more often
 It should be available to go to a different variety of places such as Bicester.
 It needs to have more buses running through the village in the mornings and later in the afternoon/evening
 School run
 More often on weekends and later in evenings on weekdays
 More frequent buses to Aylesbury and back during the school holidays and later running buses generally.
 Around 8:30 to Aylesbury in case we miss the school bus, or it doesn't come. And more times in the evenings after 6 o'clock from Aylesbury
 not enough of them run past the estate at "normal" times
 more frequently and on a sunday because if parents/siblings are working then you have no means of transport, and there also should be a bus service that runs to Buckingham.
 every hour
 Every hour
 Through quainton
 the one it takes now
 It should go to places like Bicester, as many people like to go there, but have to rely on friends of family to get them there as there is no other transport to get there in Grendon.
 go to popular places like Bicester as children around my age range would probably use it to go there shopping meaning it would be popular and also the same routes it takes now
 Grendon Underwood to Westcott to Quainton to Waddesdon to Aylesbury
 Into bicester
 The current one is fine
 The route is good.
 The same.
 To Quainton, Waddesdon and Westcott
 i think the route is fine
 A route that goes to Buckingham from Grendon Underwood
 Straight one
 Straight To Bicester and Straight to Aylesbury

If 'no' please say what would help you to feel safe During the evening, many children/teenagers like going to the park, but it is rather dark in the park, so no one can rely see anything, to make it safer we could use some more street lamps in the park.
 during the later parts of the evening especially in the summer when on my way back from places like the park as i pass the local pub i some times dont like walking past incase of people that are drunk to improve this i would suggest the ppeople to remain seated in the back out side as i would fel safer
 brighter or more lights
 more street lamps
 Better street lighting would be good, but I don't feel particularly unsafe.
 more police

SKATE PARK!

Did you go to Grendon Festival?

Answer Options	Response Percent	Response Count
Yes	68.8%	22
No	31.3%	10
<i>answered question</i>		32

ANY SUGGESTIONS FOR THE NEXT FESTIVAL?

advertise the band that are playing, wider range of music, cheaper drinks

some younger bands

more child friendly to much money charged for ie:bouncy castle

Play some more music that is in the charts at the time.

They could use the bands more usefully, as many young people were getting drunk, so if you are 17 and under you wear a totally different coloured band to the 18 and over. Also, there could have been more bins as there was a lot of litter and there could be a live band and it could be cheaper.

maybe more stalls to involve children & lighting on the way up for the festival due to it ending late and more music

Did not go

Bigger space and easier to get to. not have the sun directly behind stage or screen as it was hard to see. More football activities as it is football and music, not just music.

Have places to sit and to have it in the field where the park is. You could also have some more stalls to buy things from.

more up to date music

to get more bins dotted around the place/in different places, and encourage people to use them

more amusement rides. No thistles on the path.

Other forms of youth entertainment, like games and competitions to take part in before the music.

Let you take your own food in

Have it in the park again rather than the field, its easier for everybody. Have more things going on! Have the fairground kinds of mini games dotted around and stalls with candyfloss/popcorn. The bouncy castle looked fun, but i never got a chance to go on it because it went down so early. Last thing: it was so expensive! £10 is quite a lot for any body, but especially for teens. It wasn't really worth the money when you got in. But the music was great. Maybe it'd be cool to have mini lanterns or whatever leading out down the village so people could see when walking home when it finishes late.

get it more child frenaly and get some better bands

make it more child friendly and get some better bands in like rock bands

it was really good dont change much :)

More younger bands from the local area (including the scallys again and this is freedom!). More activities for adolescents to take part in.

same as last year it was great :)

cars still driving to fast and vandlesum
dogs fouling on pathways and grass is a big dislike

Nope. :)

NO

buses arn't very clean

to really get that skate park

would it be possible to have bin by the bus stop as littering is a big problem. And a bigger bus stop as for the amount of children who get on the waddesdon school bus from sprighill the bus stop shelter is too small for when it rains.

we need more facilities for example a skate park :)
